Moving Direction

Setup:

- Place 2 beacons 26 steps up and 2 beacons 12 steps across.
- Place two beacons 4 steps apart 12 steps from starting line Beacons.
- Players are divided into two groups behind starting line.
- One player per beacon behind rest of beacons.
- One ball per group.

Instructions:

- Both groups start at the same time.
- Player A passes the ball to player B and calls for a return pass.
- Player B passes back at right angle to player A on the move.
- Player A passes to player C and moves to player B position.
- Player B moves to player C position.
- Player C receives the ball, dribbles around player F position and makes a long pass to player D position.
- Players D;E and F do the same in the opposite direction, at the same time.

Variations:

- Add more balls as the players improve.
- Instead of player B making a right angle pass, make a forwards through ball pass instead.

Coach:

- Players must call out loud, for the ball.
- Power of the short and long passes is important.
- Accuracy of passes is important.
- Players must use both left and right foot for passing.
